Version Dated: May 29, 2009

1. DEFINITIONS:

In this Agreement (as such term is hereinafter defined), the following terms shall have the following meanings:

(a) "the Agreement" means the Principal Terms, Part I hereof, these General Terms and Conditions, Part II hereof and any attachments,

schedules, or exhibits to such documents

(b) "barrel" or "bbl" means 42 U.S. standard gallons at 60° Fahrenheit.

(c) "BUYER" means a party or parties obligated to buy Marine Fuel under the Agreement. Should Marine Fuel be ordered by the BUYER as

an agent, BUYER shall refer to such agent, as well as the principal, and both shall be bound by and liable for all obligations as fully and

as completely as if they were both the principal, whether such principal be disclosed or undisclosed, and whether or not such agent purports to contract as agent only.

(d) "Delivery Date" means the date on which the Marine Fuel is to be delivered to the Vessel by the Seller.

(e) "Delivery Point" means the place at which the Marine Fuel purchased by the BUYER is to be delivered to the Vessel.

(f) "gallon" means a U.S. standard gallon of 231 cubic inches at 60° Fahrenheit.

(g) "General Terms" means these NuStar Terminals, N.V. General Terms and Conditions of Sale for Marine Fuel.

(h) "Marine Fuel" means the type(s), quantity(ies) and commercial grade(s) of bunker fuel oil, intermediate fuel oil ("IFO"), marine diesel oil

("MDO"), marine gas oil ("MGO") and/or other materials or petroleum products specified in the Principal Terms which the SELLER has

agreed to sell to the BUYER.

(i) "metric ton" or "MT" means a total of 2204.6234 pounds avoirdupois.

(j) "Principal Terms" means any form of agreement, including, without limitation, a letter or telex which to any extent incorporates by reference or is subject to the General Terms; and

(k) "SELLER" means NuStar Terminals Marine Services, N.V., or its designated affiliated company.

(l) "Vessel" means the marine vessel or vessels to which the Marine Fuel purchased by the BUYER is to be delivered.

2. QUALITY OF MARINE FUEL:

The BUYER shall have the sole responsibility for the selection and acceptance of Marine Fuel, including determination of compatibility with

Marine Fuel already on board the Vessel, for use in the Vessel. The BUYER may appoint an inspector to analyze Marine Fuel delivered

hereunder before it is pumped out to the SELLER's shore tanks and/or delivery vessel, provided BUYER gives SELLER no less than 48

hours notice so that appropriate security clearances can be made. Unless otherwise indicated to the BUYER in writing by the SELLER, any

information provided to the BUYER regarding the characteristics of Marine Fuel at any delivery location shall not be construed as specifications of the Marine Fuel to be delivered hereunder, but only as indications of the characteristics of the Marine Fuel that has been

available at that location from time to time. SELLER will advise latest sulphur content basis tank analysis results.

Three (3) commercial samples of the Marine Fuel shall be taken at the time of delivery from either the delivery vessel's manifold or SELLER's pipeline flange and immediately sealed. Two (2) additional samples will be taken in accordance with MARPOL requirements and

will be used solely for verifying conformity with Annex VI of MARPOL 73/78, not for commercial or any other purposes. The aforementioned

samples shall be taken by one of the following three methods: 1) manual valve-setting continuous-drip sampler; or 2) time-proportional

automatic sampler; or 3) flow-proportional automatic sampler. One (1) sealed sample of the commercial sample and one (1) sealed sample

of the MARPOL sample shall be handed to the Vessel's Master, Chief Engineer or other officer, and the other samples shall be retained by

the SELLER. ANY AND ALL TESTS TO DETERMINE QUALITY SHALL BE MADE ONLY FROM SELLER'S RETAINED COMMERCIAL SAMPLE

and shall be made in accordance with standard test methods specified in the official publications of either SPI, ASTM, or IP. Other appropriate test methods may be used where no methods are prescribed in API, ASTM or IP publications on the date of this Agreement.

3. MEASUREMENTS AND TEST:

Seller will take the measurements and make the calculations necessary to determine the quantity of Product delivered. Such quantity shall

be determined by calibrated meter on the pipeline or delivery vessel/barge or, if such is not available, calculating the difference between:

the amount of Product in the delivering vessel/barge or shore tank before the transfer to the receiving Vessel; and the amount of Product

in the delivering vessel/barge or shore tank after the transfer to the receiving vessel. The amount of Product in the delivering vessel/barge

before and after the transfer will be determined by:

measuring the ullage in each compartment of the delivering vessel/barge by hand line; and using the strapping table for the delivering barge

to convert the ullage measurements to Product quantities. Calculations of the quantity of Product delivered that are based on the amount of Product in the receiving Vessel before or after the transfer will not consider by Seller nor will they be admissible as evidence in court.

A representative of the receiving vessel is invited to be present or Buyer may appoint a properly accredited surveyor to attend all measurements. Absent manifest error, the SELLER's determination of quantity shall be conclusive. All measurements shall be adjusted to

barrels or metric tons at 60° Fahrenheit temperature. All such adjustments shall be made in accordance with the latest joint Petroleum

Measurement Tables of the American Petroleum Institute ("API"), the American Society of Testing and Materials ("ASTM") and the Institute of Petroleum ("IP") designated API D-250, ASTM D-1250 and IP 200/52, respectively.

4. PRICE:

The price of Marine Fuel sold and delivered hereunder shall be the price set forth in the Principal Terms. All prices for Marine Fuel wherever delivered are exclusive of all taxes, duties, fees or other assessments imposed or levied by any government authority (whether at

the Delivery Point or otherwise) or instrumentality thereof and all port charges, if any. Unless otherwise specified in the Principal Terms,

price does not include the delivery charges for the Marine Fuel, and all such delivery charges shall be for the Buyer's account.

5. PAYMENT TERMS:

Unless otherwise provided in the Principal Terms, all sales shall be on a cash in advance or irrevocable letter of credit basis. All letters of credit procured by the BUYER in favor of the SELLER shall be in form and substance acceptable to the SELLER and issued only by a bank

acceptable to the SELLER. Payment to the SELLER for all sales of Marine Fuel and all charges related thereto (including without limitation,

delivery and any additional charges), if any, shall be made in full, without any right of set-off, discount or deduction. Payment shall be

made in U.S. dollars by means of telegraphic transfer to the bank identified in the Principal Terms or in the SELLER's invoice, as the case

may be, for deposit to the SELLER's account as specified therein. Such transfer shall quote the SELLER's invoice or order number, the

BUYER's name, the Vessel supplied and the SELLER's account number to which funds shall be deposited.

If the SELLER has extended credit to the BUYER, and if the applicable credit period expires on a Saturday, Sunday or any other day when

the SELLER's bank is closed for business, then the BUYER shall arrange for the payment in question to be made within such shorter period

as will enable the payment to have been made by the last day within the applicable credit period when the SELLER's bank was open for

business. Delivery documents may be provided to the BUYER at its request, but payment shall not be conditioned upon the BUYER's

receipt of such documents. Notwithstanding any disputes regarding quality, quantity or other matter, the BUYER must initially pay the full

amount due, and any disputes shall be resolved between the parties after such payment has been made. SELLER

may at any time, in its sole and absolute discretion, cancel any existing credit line granted to BUYER or refuse to extend credit to BUYER

without notice.

6. ADEQUATE ASSURANCE:

NuStar will establish and may, in its sole discretion, notify Buyer of any credit dollar amount (the "Credit Limit") that will be applicable to

the Buyer. The Credit Limit will be in such amount (including no amount) as Seller elects. Seller may change the Credit Limit at any time

and notify Buyer of any such change.

6.1 If at any time Buyer's Outstanding Indebtedness (as defined below) exceeds the Credit Limit then in effect for Buyer, Buyer must reduce the Outstanding Indebtedness to any amount that is not greater than the Credit Limit then in effect for the Buyer by doing any, or

any combination, of the following: (i) Paying to Seller an amount of the Outstanding Indebtedness; or (ii) Providing to Seller a letter of

credit in a form and from a bank both reasonably satisfactory to Seller under which Seller will be permitted to draw an amount that is not

less than the amount by which the Outstanding Indebtedness exceeds the Credit Limit.

6.2 For the purposes of this Section 8, "Outstanding Indebtedness" means, as of any day during the term of this Agreement, all amounts

due or which will become due to Seller under all agreements between Seller and Buyer for completed delivery, including, without limitation,

this Agreement, where delivery of, but no payment for, products have been made. If Buyer has failed to (i) pay Seller for any amount that

is due (if such failure has not subsequently been cured) or (ii) be in default of this Agreement under Section 15 after expiration of applicable cure periods, then in addition to ceasing to deliver Product under the Agreement, and regardless of any payment terms

then in

effect for Buyer, Seller may declare all of the Outstanding Indebtedness to be due and payable and terminate this Agreement.

6.3 If Seller determines that the financial condition of Buyer has become impaired or unsatisfactory, Seller may require Buyer to provide Seller with satisfactory security or adequate assurances of performance. Seller's requirement for security or assurances may include changing the credit terms of this Agreement in which case Seller may require Buyer to:

(i) prepay by wire transfer at least by the first day that Buyer is open for business before Product delivery date the full estimated invoice amount under this Agreement, (ii) post at least two business days prior to Product delivery date a irrevocable, standby letter of credit, in form and substance specified by Seller, issued or confirmed by a bank acceptable to Seller, in an amount sufficient to cover the full estimated invoice amount under this Agreement or (iii) deliver to Seller at least two business days prior to Product delivery date a parent company guaranty in form and substance satisfactory to Seller of the prompt payment, when due, of any and all present or future indebtedness of Buyer as a result of any sale of Product under this Agreement. The change in credit terms will be effective 30 days after Seller's written notice to Buyer that it is requesting such a change. The exercise by Seller of any right under this paragraph is without prejudice to any claim for damages or any other right Seller may have under law.

7. DELIVERIES:

Vessels will be bunkered as promptly as circumstances permit, but the SELLER shall not be liable under any circumstances for demurrage or for any loss due to delays or to prior commitments of available delivery vessels. If a delivery permit is required from any government authority or any instrumentally thereof, or by any public or private port authority, for any delivery of Marine Fuel hereunder, then the BUYER shall be responsible for obtaining the same. No deliveries shall be made until such time as the BUYER has obtained all required delivery permits. All costs and expenses occasioned by BUYER's failure to timely obtain such delivery permits shall be paid by BUYER. Delivery of Marine Fuel hereunder shall be made by delivery vessel provided or caused to be provided by the SELLER to the BUYER's Vessel at the Delivery Point agreed upon by the SELLER and the BUYER. Unless otherwise agreed in the Principal Terms, the BUYER shall pay all the applicable delivery charges. The BUYER shall give the SELLER written notices at least seventy-two (72), forty-eight (48) and twenty-four (24) hours prior to the Delivery Date of the estimated time(s) on such date when the Vessel will be ready to receive the Marine Fuel purchased by the BUYER. In such notice the BUYER shall, if necessary, advise the SELLER of any special condition, peculiarity, deficiency or defect of or with respect to the Vessel or its equipment which might delay, hinder or otherwise affect the mooring, unmooring or bunkering of the VESSEL. If the BUYER fails to provide these notices and the Vessel, for whatever reason, is unable or refuses to accept delivery on the Delivery Date, or if the BUYER provides such notice but requests an extension to the Delivery Date of more than thirty-six (36) hours after twelve(12) noon on such date, then the SELLER may, at its option, deliver the Marine Fuel to the Vessel at the requested new delivery time on a best efforts basis, suspend delivery subject to the BUYER's agreement to a new price for the Marine Fuel or cancel the delivery altogether, with or without prejudice to the SELLER's rights under this Agreement. The BUYER shall pay not less than one hundred percent (100%) of the delivery costs of the quantity of Marine Fuel ordered, irrespective of the amount the BUYER takes delivery of, and the BUYER shall also be charged for all additional expenses incurred by the SELLER in connection with any failure by BUYER to take delivery of the full quantity (+/-5.0%) ordered by the BUYER. In the event the BUYER fails to take delivery of the full amount ordered or tendered (+/-5.0%), whichever is less, of Marine Fuel the SELLER may charge the BUYER the amount of loss sustained by having to sell the Marine Fuel in down-graded form at a lower price than that at which it was ordered by BUYER. SELLER furthermore reserves the right to levy and collect a cancellation fee of \$5 per metric ton, with a minimum cancellation charge of \$5,000 if the delivery is canceled, terminated, rescinded or refused by BUYER for any reason. If the BUYER causes delays to the SELLER's vessels and/or facilities in effecting deliveries, the BUYER shall pay demurrage at the SELLER's established rates, and reimburse the SELLER's for all other expenses in connection therewith. The Vessel receiving the Marine Fuel shall be solely responsible for making all connections and disconnections between the delivery hose and receiving Vessel's intake pipe, and shall render all other necessary assistance and provide sufficient tankage and equipment to receive promptly all delivers hereunder. The Vessel receiving delivery of the Marine Fuel shall be deemed to have sole and complete control,

supervision and direction of the bunkering operations, including the responsibility for weather and sea conditions as they affect the delivery operations.

7. TITLE AND RISK:

Delivery shall be considered complete and title to, risk of loss and liability for all Marine Fuel supplied hereunder shall pass from the SELLER to the BUYER as the Marine Fuel passes the flange of the Vessel or, in the case of delivery by drum, as the Marine Fuel passes

the Vessel's rail, at which point Seller's responsibility shall cease and Buyer shall assume all risk of loss, damage, deterioration, or evaporation as to the Marine Fuel so delivered.

8. DEMURAGE AND DELAYS:

The SELLER shall not be liable for any demurrage by the BUYER or the Vessel caused directly or indirectly by delays due to or resulting

from weather (whether unusual or normal), local congestion at the Delivery Point affecting the SELLER's delivery equipment, the prior

commitment, nonavailability and/or malfunction of delivery equipment, or any event of Force Majeure. The BUYER shall be liable for demurrage at rates established by the SELLER and for losses incurred by the SELLER as a result of any delay caused directly or indirectly

by the BUYER or the Vessel in the use of delivery equipment.

9. WARRANTIES:

The BUYER is solely responsible for specifying to the SELLER the type, grade and quantity of Marine Fuel to be supplied under this Agreement. The SELLER warrants only that the Marine Fuel supplied shall conform to the specifications stated in the SELLER's signed

confirmation document, and that SELLER will convey to BUYER title thereto free and clear of all taxes, liens and encumbrances existing or

in favor of any third parties. ALL OTHER WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A

PARTICULAR PURPOSE, WORKMANLIKE PERFORMANCE, OR OTHER WARRANTY OF QUALITY AND ANY OTHER CONDITIONS AND

AGREEMENTS WHATSOEVER (WHETHER STATUTORY OR OTHERWISE) ARE EXPRESSLY EXCLUDED AND DISCLAIMED BY THE SELLER

AND THE SELLER'S AGENTS MAKE NO WARRANTIES WHICH EXTEND BEYOND THE EXPLICIT DESCRIPTION CONTAINED IN THIS

AGREEMENT.

THE BUYER'S SOLE AND EXCLUSIVE REMEDY SHALL BE LIMITED TO REPLACEMENT OF MARINE FUEL BY THE SELLER OR

REIMBURSEMENT OF PURCHASE PRICE BY THE SELLER, LESS THE PROCEEDS OF ANY SALE OF THE MARINE FUEL WHICH THE BUYER

MAY HAVE EFFECTED. REASONABLE REPLACEMENT COSTS SHALL BE FOR THE SELLER'S ACCOUNT UNLESS THE SELLER PROVIDES

DUE NOTICE TO THE BUYER THAT THE SELLER DEEMS THE BUYER'S REJECTION OF MARINE FUEL TO BE WRONGFUL OR IN

VIOLATION OF THIS AGREEMENT. THE BUYER'S SOLE REMEDY, AS SET FORTH ABOVE, IS TO THE EXCLUSION OF ALL OTHER

REMEDIES, INCLUDING, BUT NOT LIMITED TO, CLAIMS FOR LOSS OR USE, DETENTION AND ALL OTHER INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING INJURY OR DAMAGE (i) TO VESSELS WHICH THE BUYER REPRESENTS OR IS RESPONSIBLE

FOR AS AGENT, (ii) TO CONTENTS AND EQUIPMENT OF SUCH VESSELS, (iii) TO CARGO OR TO PERSONS ABOARD SUCH VESSELS OR

ADJACENT THERETO, (iv) LOSS OF PROFIT, DELAYS, OR (v) ALL OTHER DAMAGES OF LIKE OR DIFFERENT KIND SUFFERED BY

REASON OF THE PROVISION OF MARINE FUEL OR MECHANICAL FAILURE CAUSED BY SAID MARINE FUEL, AND WHETHER OR NOT

OCCASIONED BY THE SELLER'S NEGLIGENCE. IF ANY PORTION OF THIS PARAGRAPH SHALL FOR ANY REASON BE DETERMINED TO BE

VOID OR UNENFORCEABLE THE REMAINDER OF THIS PARAGRAPH SHALL REMAIN IN FULL FORCE AND EFFECT.

10. CLAIMS:

Any claim by the BUYER as to shortage must be submitted in the form of a letter of protest as no notation of any kind will be accepted

on the Marine Fuel Delivery Note. If a letter of protest is not received within the fifteen (15) day time period described herein below, any

claim for short delivery shall be deemed to be waived by BUYER. In any event, the SELLER's figures as to the quantity delivered to the

BUYER's vessel shall be deemed conclusive. Any claim by the BUYER as to shortage in quantity of Marine Fuel delivered by the SELLER

must be made within fifteen (15) days after the Marine Fuel is delivered. If the BUYER makes a claim regarding the quality or quantity of

the Marine Fuel furnished by the SELLER, the BUYER shall permit, or obtain permission for a surveyor acting on the SELLER's behalf to

board the BUYER's Vessel immediately, for the purpose of ullaging all Vessels' reservoirs, obtaining samples of the Marine Fuel, surveying

all machinery which the BUYER asserts has been damaged, and all fuel oil handling machinery and procedures, and reviewing maintenance records and such other Vessel records as the surveyor deems appropriate. In the absence of the fifteen (15) day notice required hereunder and a survey on behalf of the SELLER, any such claim based on deficiency in quality shall be forever barred, and the BUYER shall pay the direct and indirect costs and expenses of obtaining the survey.

11. FINANCIAL RESPONSIBILITY:

All sales of Marine Fuel hereunder are made on the credit of the Vessel as well as on the credit of the BUYER. The SELLER will have and may assert any and all maritime liens available to it against the Vessel, wherever found, for the full amount of the delivered price of the marine Fuel supplied to such Vessel by the Seller, plus accrued interest and collection costs. If the BUYER in any way breaches this Agreement, defaults in the payment of any indebtedness to the SELLER (whether arising out of this Agreement or otherwise) or becomes bankrupt or insolvent, or if the SELLER at any time considers the financial condition of the BUYER to be unsatisfactory, then the SELLER may, in addition to any other rights and remedies it may have, cancel or suspend deliveries hereunder until such time as the BUYER remedies such breach or default and/or provides suitable additional security and/or guarantees acceptable to the SELLER.

12. INDEMNITY:

The BUYER shall indemnify and hold the SELLER and the SELLER's agents harmless from and against, (1) any and all claims, demands, actions, causes of action, suits and all other liabilities whatsoever on account of, or by reason of, or growing out of damage to property (including property of the SELLER, the BUYER and third parties) or for injury or death of any person (whether such person is an employee or agent of the SELLER, the BUYER or a third party), whether the same result from negligence, in whole or in part, of the BUYER or the BUYER's employees, breach of the BUYER's warranties hereunder, or any other theory of liability of the like or different character; (2) any claim asserted by the BUYER, its agents or employees or subcontractors, including, but not limited to claims for personal injury or property damage arising out of the delivery of Marine Fuel under this Agreement, including a claim based solely upon the negligence or culpability of the SELLER and (3) all costs and expenses incurred by the SELLER in investigating and defending any such claim, demand, suit or liability, including the SELLER's attorney fees and court costs.

13. COLLECTIONS:

Without limitation to the SELLER's rights hereunder or otherwise, any payment not made on the due date shall bear interest at the rate of the lesser of (i) one and one-half percent (1-1/2%) per month, or (ii) the maximum rate allowed by law, running from the due date until the date payment is received by the SELLER's bank. In the event the SELLER institutes legal proceedings for collection of payment not made by the BUYER when due, all expenses incurred by the SELLER in connection with such proceedings (including, without limitation, attorneys' fees and court costs) shall be for the BUYER's account.

14. LIMITATION OF LIABILITY:

The Seller shall not be liable for special, indirect, consequential, punitive or exemplary damages of any kind arising out of or in connection with the performance or non-performance of this Agreement.

15. ENVIRONMENTAL PROTECTION:

The BUYER represents and warrants that the Vessel is properly insured, equipped, maintained and operated so as to avoid the escape, spillage or discharge of oil (a "spill") at the time of all deliveries of Marine Fuel hereunder. If a spill does occur while Marine Fuel is being delivered by the SELLER to the BUYER and the Vessel, then the Buyer shall promptly take such action as is reasonably necessary to remove the oil and mitigate the effects of such spill; however, notwithstanding the cause of such spill, the SELLER is hereby authorized at its/their option, to take such measures and incur such expenses (whether by employing its own resources or by contracting with others) as are reasonably necessary to remove the oil and mitigate the effects of such spill. In the event the SELLER has exercised its option to remove the oil and mitigate the effects of such spill as aforesaid, the BUYER agrees to cooperate and render such assistance as is reasonably requested by the SELLER and further agrees that BUYER or their insurance carrier shall promptly pay any and all expenses, damages, costs, fines and penalties arising from such spill or any pollution caused thereby. The BUYER or their insurance shall recover from the SELLER only that amount of expenses, etc. equal to the degree of provable negligence of the SELLER as determined by SELLER's

insurance settling agent. The BUYER and SELLER shall each give the other copies of all documents and other information concerning the spill as required by any law, regulation, or settling agent.

16. FORCE MAJEURE:

In the event that the SELLER is prevented from making deliveries hereunder or the BUYER is prevented from accepting deliveries due directly or indirectly to any Force Majeure, the obligation of the SELLER to deliver and of the BUYER to receive Marine Fuel shall be suspended during the continuance of such Force Majeure condition and neither party shall be liable to the other for demurrage, loss or damage of any nature whatsoever due to such delay. In the event the SELLER does not at any time have available sufficient Marine Fuel to supply all of the SELLER's customers due to the intervention of Force Majeure circumstances, the SELLER shall have the right to prorate such Marine Fuel as may be available between the BUYER and all other customers of the SELLER, and the SELLER shall not be required to purchase Marine Fuel to replace supplies so curtailed, or to make use of other than the SELLER's normal transportation or other facilities. Nothing in this article concerning the existence of Force Majeure circumstances shall affect the BUYER's obligation to make payment to the SELLER for deliveries of Marine Fuel made and payments required hereunder which accrued prior to the occurrence of the Force Majeure circumstances. Until the Force Majeure circumstances shall cease to exist, this contract merely shall be suspended and shall not terminate. If a Force Majeure event occurs, the SELLER shall have the option of canceling this contract. Force Majeure shall include, but not be restricted to, acts of God or the public enemy, perils of navigations, floods, fire, hostilities, war (declared or undeclared), executive or administrative orders or acts of either general or particular application of any de jure or de facto government having or claiming jurisdiction over a party or vessel, facility or supplies, or such orders or acts of any officer or agent purporting to act under the authority of any such government, or requests of any such officer or agent purporting to act, under the authority of any such government, of requests of any such officer or agent purporting to act, illegality arising from applicable domestic or foreign laws or regulations, blockage, labor disturbances, strikes, riots, insurrections, civil commotions, storms, earthquakes, accidents, breakdown or injury to or expropriation, confiscation or requisitioning of transportation or delivery facilities exhaustion or unavailability of supplies for any reason, partial or total interruption, loss or shortage of transportation facilities, or imposition of restrictions or regulations by any government or governmental agency which render performance impossible or frustrate the commercial purpose of this contract.

United States of America or elsewhere. The agreement to litigate all disputes arising under this contract in any court of competent jurisdiction in Houston, TX, shall not be construed as altering, waiving or otherwise depriving the SELLER of the right to arrest the BUYER's Vessel, or to attach the BUYER's property in a jurisdiction other than the United States of America. No action or other proceedings shall be brought by the BUYER for any alleged breach of this Agreement more than one (1) year after the accrual of the cause
